

Roundtable Discussion: Managing International Business Contracts and Disputes

Together with the British Chamber of Commerce and the Ghorfa Arab-German Chamber of Commerce and Industry we would like to cordially invite you to attend our "Roundtable Discussion: Managing International Contract and Disputes" at the British Embassy on 22 June 2016.

Experts from Germany, the UK and the US will discuss the effective management of international business contracts and disputes in today's challenging climate and will compare common law and continental approaches of these three very different legal jurisdictions in light of current thinking and visions for the future.

Securing the right contract and avoiding disputes by using smart solutions are key. Our lawyers will explain the "tricks and traps" that they have encountered and the range of techniques available to solve problems while achieving delivery of the project.

We look forward to answering your individual questions, as well as look forward to an active exchange of ideas and experience.

Location and Time

British Embassy
Wilhelmstraße 70-71
10117 Berlin

Wednesday, 22 June 2016
5 - 8 p.m.
